Choose your
Wake-up Vibe

Morning will
never be
the same

1. PROGRAM THE CLOCK

Set what time you want to wake up and choose one of the six different vibrating patterns. The high-tech display is perfect for adjusting the vibe to your preferences.

2. SLEEP PEACEFULLY

Keep the vibe in your panties during the night. It's shaped to the curves of the female body and exceptionally thin. Toss and turn and it will stay in place.

3. THE BEST WAKE-UP!!!

Bzzz!!! Start the day with good vibrations. Your favorite vibrating pattern will wake you up. Be careful of being late, it's addictive...

WANNA SLEEP LATE? NO PROBLEM

Use the manual mode to reach an orgasm easily any time you want. Waking up has never been so much fun!
